Professional Summary:

Quality Engineer with 3.5 years of experience in software testing, automation and manual. Experienced in Functional, System,and Regression testing. Proficient in designing, developing, and executing automated test scripts using Selenium WebDriver, TestNG, and Java. Skilled in analyzing business requirements, identifying test scenarios, and ensuring high-quality software delivery. Experienced in Agile and Scrum methodologies, test case management, and defect tracking tools like JIRA. Strong understanding of SDLC, STLC, and testing best practices with a focus on enhancing test coverage and efficiency. Committed to continuous learning and delivering high-quality software solution.

Technical Skills:

- **Manual Testing:** Functional Testing, Regression Testing, Database testing, UAT.
- **Automation Testing:** Java, Selenium WebDriver, TestNG, Cucumber and Basics of SQL.
- **API Testing:** Postman, Rest Assured
- **Tools:** Rally, JIRA, CI CD Jenkins
- **Test Case Design:** Creation, execution, and maintenance
- **Cross-Browser Testing:** Chrome, Firefox, Safari, Edge
- **Agile Methodologies:** Scrum, Sprint Planning, Daily Stand-ups
- **Version Control:** GitHub

Professional Experience:

Associate

Cognizant Technology Solutions ***Oct 2024 – Till Date***

- Designed and maintained test scripts using Java, Selenium WebDriver, TestNG and Maven for UI, Functional and Regression test.
- Trained team members and new joiners in automation tools and frameworks like, improving team efficiency and proficiency.
- Led automation and manual testing efforts across 6+ projects, focusing on functional and regression testing, ensuring zero post-release defects.
- Involved in database testing using SQL queries.
- Involved in API testing using Postman, Rest Assured and SOAP UI.
- Collaborated with cross-functional teams to identify and resolve critical defects,contributing to a 95% project success rate.
- Provided demos to clients regarding the Feature release testing and maintained continuous communication with clients to ensure maximum efficiency.
- Trained new joiners in functional knowledge.

Programmer Analyst

Cognizant Technology Solutions ***June 2023 – Sept 2024***

- Designed and maintained test scripts using Java, Selenium WebDriver, TestNG and Maven for UI, Functional and Regression test.
- Performed comprehensive manual testing, creating over 1000 test cases and ensuring 100% test coverage across functional and system testing.
- Tracked and resolved 600+ defects, ensuring high-quality software releases and contributing to a 95% client satisfaction rate.
- Subject Matter Expert (SME) for the Automatic Emergency Braking and IntelliDrive Telematics programs projects, providing in-depth knowledge and leadership to drive quality and innovation..
- Actively participated in Defect Triage calls to discuss the defects with developers and Business.
- Provided detailed test reports and demos to clients, resulting in a 90% reduction in client escalations.

Programmer Analyst Trainee

Cognizant Technology Solutions ***June 2022 – June 2023***

- Performed Manual Testing for the Functional Testing and used Automation Testing for Regression Test.
- Created test scripts using Java, Selenium WebDriver and Maven for UI, Functional and Regression test.
- Used advanced XPath and CSS selectors techniques to identify web elements.
- Involved in preparation of Test Strategy, Test Plan, Test Cases and Test Data
- Supported test execution, achieved 100% on-time delivery of high-quality software with zero post-delivery defects.

Achievements:

- Got Recognized in Cognizant Release Spotlight for outstanding performance and ensuring zero post-release defects in high-impact projects.
- Consistently received client and team appreciation for delivering high-quality software ontime.
- Participated in Cognizant's iCanCode Hackathon and Bluebolt Hackathon.

Certifications:

- Automation Anywhere Certified Advanced RPA Professional (V11.0)
- Selenium 101 – Lambda Test Certified

Education:

Bachelor of Engineering in Mechanical Engineering
Thiagarajar College of Engineering, Madurai, Tamil Nadu, India
2018 – 2022
CGPA: 8.9
